## Does the Queen intend to kill you?

Read the latest *New Citizen*: “Defeat the British Crown’s Green Fascist Dictatorship”

Under that banner headline, the Citizens Electoral Council has just released 50,000 copies of its explosive, 52-page October/November 2011 *New Citizen* newspaper. The paper presents a damning, chapter-and-verse indictment of the British Royal Family’s half-century long creation and personal direction of the world’s present “green” movement, as their chosen vehicle for global genocide.

Utilising archival and other primary sources, the paper documents the birth of today’s worldwide “environmentalist movement” under the sponsorship of leading officials and activists of the Crown-sponsored British Eugenics Society. The stated purpose of this “environmentalist” movement is to slash the world’s population to less than one billion people by the outright banning of science and technology (particularly nuclear energy), and by turning vast portions of the globe back into wilderness and desert under the rubrics of “nature preserves”, “wilderness areas”, “wetlands”, “indigenous land rights”, or similar hocus-pocus. Using these pretexts, and with the expressed intent to kill 13-16 million Australians (beginning with Aboriginal Australians), they have already locked down most of our country from all agro-industrial development, a reality laid bare in this *New Citizen*’s unique, shocking series of maps based upon official data provided by the federal government, and by leading green institutions. Ever wonder why the Greens lead the charge for euthanasia in Australia? Because that’s why the Crown created them: *to kill people*, including your friends, your family, and you. Are you such a pathetic, whingeing loser, that you will let them do it?!

Every aspect of Green Fascism in Australia was created or rammed through under the personal direction of Queen Elizabeth and her consort Prince Philip. These projects include: the founding of the world’s first Green Party, in Tasmania, which spawned the present Australian Greens under Bob Brown; the founding of the Australian Conservation Foundation, over which Philip presided from 1971-76 and which is the mother of Green Fascism in this country; the Wilderness Society; Tim Flannery’s Wentworth Group of Quack Scientists and his Climate Commission; the *Water Act 2007* to shut down the Murray-Darling Basin food bowl; the establishment of the federal Sustainable Population Ministry; the carbon tax; and every green diktat now crushing this country.

The paper also features selected speeches from the CEC’s July 2011 National Conference, “Cosmic Radiation Beats Green Fascism”, which devastated such intellectual frauds as the “Second Law of Thermodynamics” (the central premise of Green Fascism) and that of Charles Darwin, the grandfather of modern environmentalism whose work was riddled with plagiarism, eugenics, and outright lunacy. By contrast, CEC leader Craig Isherwood’s speech, “The Noösphere of Vernadsky and LaRouche”, presented the fundamental scientific breakthroughs of the great Russian biogeochemist Vladimir I. Vernadsky (1863-1945). Vernadsky founded the modern notions of the “biosphere” and the “noösphere”, against whom the panicked British imperialists created their quack notions of “ecosystems” and “ecology”. American statesman Lyndon H. LaRouche, Jr., in his science of physical economy has advanced the work of Vernadsky, placing mankind—with his uniquely human powers of creativity—on the threshold of colonising the Cosmos, while blowing to smithereens the Malthusian, Green Fascist axiom of “fixed, finite resources”.

Additionally, this *New Citizen* rips the mask from the “Queen is above politics” fairy tale, by documenting her actual dictatorial powers, including over Australia. Her Privy Council—the ruling body of the still-existing British Empire—created and still runs each and every institution at the pinnacle of international Green Fascism, including the International Union for Conservation of Nature (IUCN) (1948), the British Nature Conservancy (1949), the World Wildlife Fund (1961), and the Ramsar wetlands mafia (1971), all of whose projects have helped ruin this country, as in their present plot to shut down the Murray-Darling Basin, one of the world’s greatest agricultural miracles.

The Queen should therefore be asked, at every opportunity and at every venue during the present Royal Tour: “Elizabeth: Well-documented, very serious charges have been laid that you and Philip have created the world’s Green movement in order to kill billions of human beings, including many millions of Australians. What is your response?”

If you don’t want the Queen and her Consort to kill you and your loved ones, you’d better order and study this *New Citizen*.

# Defeat the British Crown's Green Fascist Dictatorship

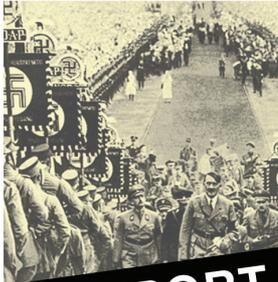

13 October 2011—Amidst a rising chorus of panic from governments, financial institutions and the mass media, the Global Financial Crisis deepens by the hour. All acknowledge that it is far worse now than in those perilous days of 2007-08 when the entire system teetered on the brink. Terrified governments continue to pour tens of trillions of dollars of taxpayers' funds into the world's major private banks, to no avail. *This global bailout must be cancelled*, and sweeping remedial measures taken very soon, or we will plunge into the worst depression in world history, far worse than that of the 14th-century Dark Age. Then, one-third of Europe's population perished from starvation, endemic warfare, general pestilence,

culture, industry, infrastructure, and the urgently-needed development of nuclear power has devastated the world's economy since the 1960s, far more than even the unbridled speculation by the Crown-centred City of London and its appendage on Wall Street.

Now, facing the present collapse of the London-centred international monetary system, the British are preparing the option of fascist coups. Statesman and physical economist Lyndon H. LaRouche, Jr. warned the Citizens Electoral Council's National Conference on 23 July: "We're on the verge of a coup d'état which establishes a Nazi-style dictatorship inside the United Kingdom."

Hans Joachim Schellnhuber, has shouted from the rooftops that the world's "carrying capacity" is *less than one billion human beings*, while her Royal Consort has been demanding genocide for decades, and has personally led the world's Green Fascist movement towards that end since his founding of the World Wildlife Fund in 1961.

**The Nature of Mankind**  
The account of the Crown's creation of Green Fascism and of their present intent to install a global fascist dictatorship, dwarfing even Hitler's wildest dreams, is necessary, even urgent, to the world's survival.

## Global Economic Recovery

... President H. LaRouche, Jr. outlined three urgent steps to avert a looming Dark Age, and launch a global economic recovery:  
1. Fire President Barack Obama, because he is clinically insane and a British agent.  
2. Re-enact President Franklin Roosevelt's 1933 Glass-Steagall law, which separated commercial from speculative banking, in order to wipe out the power of the City of London and Wall Street, and allow the issuance of masses of credit for the real, physical economy;  
3. Establish a Pacific-centred U.S./Russia/China alliance, with the political and economic mus-

Get ready for a Hitler-type purge where suddenly people are swept up at night and disappear, and go into gas chambers and things like that, more or less quickly—prisons and so forth. That's what's in store, from the British side, and that's what the Obama policy is."  
The sobriquet "Bush-league" refers to former U.S. Presidents George H.W. Bush (1989-1993), and his son George W. Bush (2001-2009). The Bush family is no stranger to coups or coup at-

As for George W., not only did the 9/11 attacks consolidate a police-state apparatus under his régime, but he and Vice President Dick Cheney orchestrated a cover-up of the British and Saudi organisers of the attack, one which Obama has continued.
